

NOTICE TO MARINERS No 08 - 2018

Tidal Meter on Seabed- Marked by unlit surface buoy

Charts – BA1889 & BA 1890

Mariners are advised that a meter measuring tide is located on the seabed, **marked by an unlit yellow surface buoy 0.6m in diameter and an orange creel buoy in position 57°40.995'N 004°11.096**. The meter has been deployed for 30 days and when recovered this notice will be cancelled.

Any vessels or MODU's operating within the area should do so with caution.

All mariners should seek advice from Cromarty Firth Port Radio on VHF Ch11 or 01349 852308 if required.
